

United Country Montana-Dakota Real Estate

We would like to introduce ourselves and ask if you decide it is time to list your home with a Realtor, you call and give us an opportunity to go to work for you. Exposure is the key to getting your property sold in the least amount of time and at the highest possible price. At United Country Real Estate we can offer you the most exposure of any local office. We are paid advertisers on the largest real estate websites including Zillow.com, Trulia.com, Homes.com and Realtor.com. Check it out for yourself by going to the websites, enter 59330 in the search bar and you should see our office on every listing. You should use all resources available to you to get your home in front of a buyer because our market is changing and buyers are getting harder to come by. New financing regulations are causing issues for buyers and you should be using someone that can help navigate the buyer through a more and more difficult and time consuming process. Call us today for a free broker price opinion.
